FILIGRAE

Filigrae by Schonbek was inspired by the fine wire workmanship used to create delicate costumes for the masquerade balls of the Renaissance. Its ornate detail represents an extraordinary time when beauty was prominent in everything, and creativity and innovation were everywhere.

Filigrae de Schonbek está inspirada en los refinados trabajos de artesanía con alambre utilizados para crear los disfraces de los bailes de máscaras del Renacimiento. Sus detalles ornamentales evocan una época extraordinaria en la que la belleza era primordial y en la que la creatividad y la innovación estaban omnipresentes.

Filigrae de Schonbek s'inspire de la fine dentelle de métal utilisée pour créer les délicats costumes des bals masqués de la Renaissance. Ses détails richement ornés évoquent une époque extraordinaire, lorsque la beauté importait plus que tout, et la créativité et l'innovation étaient omniprésentes.

GENZANO

Beautifully detailed to highlight Schonbek's capabilities, Genzano is a chandelier for the ages. Inspired by a city in Italy which hosts an annual flower festival, Genzano's cast arms are crafted into intricate petal shapes, while sunflower silhouettes peer through droplets of crystal. This floral-inspired, exclusive design will add a touch of elegance for generations to come.

Decorada con hermosos detalles que permiten realzar las prestaciones de Schonbek, Genzano es una lamparas colgantes para la eternidad. Inspirada en una ciudad de Italia que organiza anualmente el festival de las flores. Los brazos moldeados de Genzano terminan en complejas formas de pétalo y sus lágrimas de cristal dan paso a delicadas siluetas de girasol. Este exclusivo diseño de inspiración floral aportará un toque de elegancia a las generaciones venideras.

Magnifiquement rehaussé de détails qui mettent en valeur les compétences de Schonbek, Genzano est un lustre qui traverse les époques. S'inspirant d'une ville en Italie qui accueille chaque année un festival des fleurs, Genzano arbore des bras en fonte en forme de pétales élaborés, tandis que les silhouettes de tournesol affleurent entre les gouttelettes de cristal. Ce design exclusif d'inspiration florale offrira une note d'élégance aux générations à venir.

CHANTANT

CHANTANT

Meaning “to sing” in French, Chantant’s symphony of crystal strands seem as if they rise and fall in a visual rhythm.

The melody of sparkle performed by Chantant’s interplay of crystal and light will forever reflect beauty.

La sinfonía de hileras de cristal de Chantant, que significa “cantante” en francés, da la sensación como si se subieran y bajarán a un ritmo visual.

La melodía de brillo que irradia la interacción del cristal y la luz de Chantant reflejará siempre la belleza.

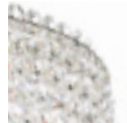

Chantant, comme son nom l’indique, est une symphonie de guirlandes de cristal qui semblent se lever et s’abaisser dans un rythme visuel.

La mélodie de l’éclat interprétée par le jeu du cristal et de la lumière à travers Chantant reflètera la beauté à tout jamais.

FONTANA LUCE
FL7068E-49H

FONTANA LUCE

Fontana Luce is inspired by the picturesque fountains seen in the old piazzas of Italy, and means “fountain of light” in Italian.

The crystals act as sparkling crystal droplets pouring into a pool of light, collected by a beautiful glass basin handmade in Italy.

Fontana Luce se inspira en las pintorescas fuentes de las antiguas piazzas de Italia que significa en italiano “ fuente de luz”.

Los cristales actúan como brillantes gotas de cristal que caen en un estanque de luz y son recogidas por una hermosa vasija de vidrio que está elaborada en Italia.

Fontana Luce s’est inspiré des pittoresques fontaines que l’on trouve sur les vieilles places d’Italie, et signifie « fontaine de lumière » en italien.

Les cristaux agissent comme des gouttelettes étincelantes se déversant dans un faisceau de lumière, collectées par un superbe bassin en verre fait main en Italie.

TRILLIANE STRANDS

One of the most iconic Schonbek chandelier families, Trilliane, adds a new styling to its selection, a design with seemingly endless crystal strands.

This new Trilliane joins its sister chandeliers using the same reversed crystal pendeloques technique that revolutionized the crystal chandelier industry many years ago, and which creates a beautiful crystal crown effect.

Una de las familias de lámparas colgantes más emblemáticas de Schonbek, Trilliane, aporta un Nuevo estilo a su selección, un diseño con interminables hileras de cristal.

Este nuevo modelo de Trilliane se une a sus lámparas colgantes homólogas utilizando la misma técnica de almendras de cristal que revolucionó la industria de las lámparas colgantes hace muchos años, y que crea un precioso efecto de corona de cristal.

Appartenant à l'une des familles de lustres les plus emblématiques de Schonbek, Trilliane ajoute un nouveau style à la sélection, un modèle arborant des lianes de cristal qui semblent infinies.

Comme ses pairs de la famille Trilliane, ce nouveau lustre utilise la même technique de pendeloque en cristal retourné qui a révolutionné l'industrie des années auparavant et crée un splendide effet de couronne.
